

A. H. LAPHAM IS NAMED TRUSTEE

WELL KNOWN MAN IS CHOSEN TO FILL VACANCY CAUSED THROUGH RESIGNATION

ACTION UNANIMOUS

WESTERN PORTION OF CITY IS GIVEN REPRESENTATION UPON CITY BOARD

A. H. Lapham, 415 West Broadway, was last night at the meeting of the board of trustees unanimously selected as a trustee to fill the vacancy on the board caused by the resignation of Hartley Shaw, who resigned at the meeting a week ago to take the appointment of city attorney to fill the vacancy resulting from the resignation of W. E. Evans, who left that position after ten years' service because of the demands of his private law practice.

Just before the trustees adjourned, the motion to make Mr. Lapham a trustee was made by Trustee Robinson, seconded by Trustee Henry. Mr. Lapham, who was present at the meeting, being one of the leaders of the protestants to the opening of Commercial street—that matter having been disposed of by the board last night as told elsewhere in The Evening News tonight—was immediately sworn in by City Clerk Sherer and took his seat with the other members of the board and received congratulations from city officials as well as others in attendance.

New Trustee Is Well Known
Trustee Lapham has resided in Glendale for more than four years and is well known throughout the city. He has been a resident of southern California for more than eighteen years. He owns property here and also has an orchard in the Antelope valley. He is married and has a son.

When learning of Mr. Lapham's appointment to the board, a number of Glendale citizens today predicted he would make an excellent trustee.

People in the western section of the city today expressed themselves as pleased with the board's selection, for that portion of the city has been without representation on the board. Immediately upon being sworn in, Trustee Lapham made a brief talk in which he thanked the board for the honor accorded him and declared he believed that all would work in harmony.

Chairman Stephenson officially welcomed the new trustee, who was given a desk and participated in the business of the board transacted before adjournment.

CITY TRUSTEES

OFFICIAL PROCEEDINGS OF BOARD AS TAKEN FROM MINUTES OF CLERK

Following are the proceedings of the board of city trustees last night as taken from the minutes of the city clerk.

The board assembled at 8:10 p. m. Trustees Bartlett, Henry, Robinson and Stephenson being present.

The hearing in regard to protests against the proposed improvement of Dayton Court was called up, and Mr. Collins reported that the money required to be paid into the city to cover expenses incurred in the matter up to date has been paid to the city clerk. The chairman informed him that in accordance with the agreement, the resolution abandoning the proceedings would be adopted.

The chairman stated that an ordinance ordering the opening of Commercial street had been presented to the board and was now before the board for action. He also stated that an ordinance providing for the abandoning of all proceedings heretofore taken for the laying out and opening of Commercial street had also been presented to the board at a previous meeting, and this too was before the board for adoption or rejection.

Commercial Street Opening
Attorney Woodworth representing the West Glendale Protective association addressed the board in opposition to the proposed opening of Commercial street. There was a large number of interested spectators present, but there were no other remarks made by members of the audience in regard to the matter. Trustee Henry moved that ordinance providing for the opening and widening of Commercial street be adopted.

GLENDALE MAN IS VICTIM OF SHOOTING

(Special Service to Glendale Evening News)

LOS ANGELES, Jan. 7.—Mystery surrounds the shooting shortly after midnight of J. B. Clarkson of Glendale at Cudahy station, a town just south of here. He is in Huntington hospital with a bullet wound in one of his shoulders.

Deputy Sheriffs Hotz and Cooper, detailed to investigate the affair, reported that Clarkson was shot at the residence of Mrs. Clara E. Bryan, 1404 Elizabeth street, Cudahy.

Clarkson and Mrs. Bryan, until recently, had been business partners in the real estate business. He was a guest at a dinner in her home last evening.

Jealousy is ascribed as the motive. He was fired upon five times as he emerged from the house and was about to enter his automobile.

A threat against Clarkson's life is said to have been made in a letter to Mrs. Bryan. Deputy sheriffs are seeking the author of the missive, who is said to be an admirer of the woman.

A quarrel took place between Clarkson and Mrs. Bryan, the deputy sheriffs said, and she is reported to have told him just before he left that someone was outside "laying for him."

ASSERT PENROSE IS LOSING HIS POWER

(Special Service to Glendale Evening News)

WASHINGTON, Jan. 7.—Political enemies and critics of Senator Penrose today were busily spreading the word that Penrose's change of front on the emergency tariff bill marked the beginning of the end for him as a dominant power in Pennsylvania and national politics.

Aside from his illness, which has robbed Penrose of his stamina, his foes declared nothing had so contributed to his passing as the abandonment of his fight on the tariff emergency bill.

TWO MEN INJURED AS RESULT OF EXPLOSION

(Special Service to Glendale Evening News)

MUNCIE, Ind., Jan. 7.—Two men were seriously injured when a short circuit caused a terrific explosion today in the plant of the Indiana General Service company. Surrounding towns were without power for more than two hours.

MAKE FINAL ARGUMENTS IN NEWBERRY CASE

(Special Service to Glendale Evening News)

WASHINGTON, Jan. 7.—Final arguments of the appeal of Senator Newberry and sixteen others from conviction of illegal expenditures in the Michigan senatorial campaign of 1918 were heard in the supreme court today. A decision is not expected for a month.

CITY CHARTER

TENTATIVE DRAFT IS READ AND WILL BE CONSIDERED AT SESSION TONIGHT

Reading of the tentative draft of the proposed city charter occupied the attention of the board of freeholders at its meeting last night in the recorder's chambers at the city hall, Bert P. Woodard, chairman, presiding. The board will meet tonight at 7 o'clock to discuss proposed changes, if any, in the draft. Chairman Woodard stated to the board that it was the purpose of the committee to have had the tentative draft completed so that all members could read it before last night's meeting, but there were so many difficulties in the way of this plan that it could not be carried out.

At the suggestion of G. B. Woodberry, the draft was read and the members of the board marked, on copies furnished them, any features on which a question was raised. These will be discussed at the meeting tonight and, it is probable, agreement will be reached so that the finished charter may be typewritten and submitted to the board of trustees for an election call.

All of the members of the freeholders' board were present last night with the exception of C. W. Ingledue and C. D. Lusby.

OPERATED UPON

MRS. C. V. ARRINGTON IS NOW RECOVERING; FRIENDS MAY CALL AFTER MONDAY

Friends of Mrs. C. V. Arrington, formerly of Glendale, will be glad to learn that she is getting along nicely from the effects of an operation, which she underwent at the Westlake hospital Wednesday. She will be able to see any of her friends after Monday. Mr. Arrington is now employed by the new Ambassador hotel in Los Angeles, where they make their home. He was at one time connected with the Glendale police department and from here went to San Diego, where he was house detective for the U. S. Grant hotel.

LEGION TO ELECT OFFICERS
The Glendale American Legion is scheduled to elect officers at a meeting tonight.

CHAPTER SESSION

MRS. JOHN H. BRALEY HOSTESS TO MEMBERS; TALK GIVEN ON NEW ORLEANS

General Richard Gridley chapter met at the home of the regent, Mrs. John Hyde Braly, 505 North Brand boulevard, yesterday afternoon. Thirty-five members of the D. A. R. and guests were present. Mrs. C. W. Wells, sister of Mrs. Braly, was the speaker for the afternoon, her subject being "New Orleans." Mrs. Wells has spent considerable time in New Orleans and gave a most interesting talk.

"New Orleans is not, as most people think, directly on the gulf, but is 120 miles away. It is a city of approximately 500,000 inhabitants," she said.

"Canal street divides the old section of New Orleans from the new. Some streets are very wide and beautiful, while others are so narrow that the traffic has to go one way. "There is one peculiar feature about the cemeteries in New Orleans. On account of the moisture in the ground all burials have to be in mausoleums. New Orleans is the largest cotton market in the world. It has a very wonderful harbor, boats coming from and going to all parts of the world."

Mrs. Wells exhibited many pictures of the city. Following her talk, Mr. Braly spoke on the history of the battle of New Orleans.

Reports were then heard. General Richard Gridley chapter gave \$65.00 to the Maternity hospital as a Christmas gift. A report was made that in connection with the patriotic institution work at the Albion street school in Los Angeles the chapter had given 713 magazines and books and 282 articles of wearing apparel and household goods since September. Tea was served by the regent.

START PLAN OF ORGANIZATION

CAMPAIGN FOR MEMBERS TO CHAMBER OF COMMERCE IS NOW PROPOSED

COMMITTEE CHOSEN

LOCAL MEN ISSUE CALL AND ORGANIZER IS SECURED TO DIRECT WORK

Plans for the expansion and reorganization of the Glendale Chamber of Commerce, which have been under consideration for many weeks, culminated yesterday in a final agreement looking toward a campaign that, it is expected by the committee, will result in the creation of one strong, central organization of Glendale business men and will mean the introduction into that organization of the standard policies and methods that characterize similar organizations.

Membership under the new plan will require the investment of at least \$25 a year and will incur a much greater responsibility for personal service in carrying out projects and undertakings for the development and welfare of the community, the committee in charge announces.

Association Disbands, Under Plan
The Greater Glendale Development Association under this plan will disband and its members will enroll themselves as members of the new and greater Chamber of Commerce, the committee announces.

Under the new plan, it is expected that the Chamber of Commerce will have at least 600 members and that it will have an annual income of \$25,000 with which to carry out a broad program of development and of civic and social welfare.

The direction of the campaign has been entrusted by the committee to James O. Stevenson, an organization engineer of many years' experience. He has operated in many other cities in California and the west, after more than four years of such experience on the eastern seaboard. His latest campaign was in San Fernando where eight civic organizations were united behind one community program and an agreement was made to finance their activities in one annual campaign. That campaign resulted in subscriptions totaling \$8,800 a year, or about \$3.30 per capita. More than 700 individuals out of the population of 3000 contributed the above amount in sums ranging from \$3 to \$200 annually.

Mr. Stevenson first presented his plan to a group of business men at the White Inn on November 3 last. The plan was later presented to the Chamber of Commerce and follow-

AUTOS COLLIDE

AD DAVENPORT REPORTS TO POLICE COLLISION WITH J. E. HADEN MACHINE

Ad Davenport, who lives north of the city in the vicinity of Montrose, reported to the police yesterday that his car had collided with that of J. E. Haden, 364 Lincoln avenue, at the crossing of Broadway and Verdugo road. The latter car was overturned but only slightly damaged. Davenport's had its fenders and running board badly smashed and the radiator damaged.

PLANS FOUR-ROOM RESIDENCE

Terrill Bessett yesterday took out a permit for the erection of a four-room residence and a garage at 370 West Wilson avenue to cost \$2,500. Frank P. Wall secured a permit to build a shed and a store room at 116 East Dryden.

NEARING COMPLETION

Rev. R. W. Mottern's new 6-room residence at 211 North Adams is so near completion that the light meter was ordered installed yesterday. The family has been living in the garage in the rear of the new home. Other installations were those of L. G. Crookes, 407 Burchett and Albert Wetton, 527 North Orange.

ENTERTAINS EXECUTIVE BOARD

Mrs. H. V. Henry, 327 Patterson avenue, entertained the executive board of the Columbus Avenue Parent-Teacher association at her home yesterday. Those present were Mrs. R. C. Lane, Mrs. Miller, Mrs. E. D. Wolbach, Mrs. C. H. Pendleton, Mrs. C. W. Andree, Mrs. H. V. Brummel, Mrs. F. C. Ayars and the hostess. Work for the coming year was discussed and a very pleasant social afternoon enjoyed, during which the hostess served very dainty refreshments.

CONSIDERS VOLUNTARY MILITARY TRAINING

(Special Service to Glendale Evening News)

MARION, O., Jan. 7.—All plans for a large standing army or compulsory military service in peace time will be vetoed by President-elect Harding, according to those here who profess to know his intimate views on these subjects today.

As a substitute, Harding is considering proposing a system of voluntary military training in which educational features would be conspicuous. It was to consider means toward working out this policy that Harding summoned Chairman Julius Kahn, California, of the house military affairs committee, to Marion today. Kahn, republican, is a strong preparedness advocate.

JAMES G. SCRIPPS, NEWSPAPER MAN, DIES

(Special Service to Glendale Evening News)

SAN DIEGO, Jan. 7.—James G. Scripps, newspaper publisher, died in his home at Miramar, near here, early today.

Scripps was 34 years of age. His death resulted from complications which followed an attack of influenza.

For twelve years he had been managing editor of the Scripps newspaper, the Newspaper Enterprise association and allied news organizations.

PROGRAM GIVEN

COLORADO STREET P-T. A. IS HOSTESS TO GATHERING; CHILDREN ENTERTAIN

Yesterday afternoon, after a brief business session, at which the president, Mrs. W. H. Dotson, presided, the Colorado street P-T. A. enjoyed a social cup of tea and were then called to order by Miss Waite, principal of the school, who took charge of the entertainment feature of the meeting.

This consisted of the repetition by the children of the delightful program they gave just before the Christmas holidays. Every number of the elaborate program showed careful training and reflected credit upon the teachers.

The first grade boys' contribution to the afternoon's entertainment was "The Brownie Man," while the first grade girls recited "Hush-a-bye." The second grade gave a playlet, "The Toy Man," and the third and fourth grades, combined in another one, "The Old Woman Who Lived in a Shoe."

The fifth and sixth grades' share in the program was "A Christmas Prayer" and "Annie and Willie's Prayer."

The tiny tots were cared for by the child welfare committee, thus enabling mothers of small children to enjoy the afternoon.

The next annual meeting, "Fathers' Night," will be in charge of the patriotic chairman, Mrs. D. W. Brant.

RED CROSS TO HOLD SESSION

The annual business meeting of Glendale chapter of the Red Cross will be held Monday afternoon in the high school auditorium.

STOCKHOLDERS' ANNUAL MEET

Stockholders of the Glendale Savings bank will hold an annual meeting next Thursday to elect directors.

PETITION FILED

NOMINATING PAPERS ARE ON FILE FOR MR. LINEBERGER, CONGRESS CANDIDATE

Nominating petition for Major W. F. Lineberger of Long Beach for Republican candidate for congress for the ninth district, which includes Glendale, at the special election to be held February 15, was filed yesterday afternoon with the registrar of voters. Instead of the 1,203 names required by law, the petition has 3,936 signatures.

The nomination of Major Lineberger has been approved by the Republican County Central committee, following his endorsement at a conference of delegates at Pasadena, and Galen H. Welch, who managed the campaign for Mr. Van de Water, is now directing Mr. Lineberger's fight.

STREET OPENING IS NOW BLOCKED

PROTESTANTS OF COMMERCIAL IMPROVEMENT WIN OUT AT MEETING OF TRUSTEES

BALLOT SHOWS TIE

TWO FOR, TWO AGAINST AND MEASURE DIES AS RESULT OF LACKING ONE VOTE

Opening of Commercial street from the San Fernando road to West Broadway was effectually blocked at the meeting of the board of city trustees last night when an informal protest, voiced by more than 200 residents of the proposed assessment district who were present, caused the trustees to deadlock in voting on the ordinance ordering the work done, with the result that, according to the opinion of Hartley Shaw, city attorney, the measure was lost.

Trustees Bartlett and Henry voted in favor of the ordinance ordering the work done; Trustees Stephenson and Robinson voted against the measure. That made a tie vote. The city attorney, according to a statement made by Chairman Stephenson, has ruled three votes are necessary to an ordinance's passage. Therefore, the Commercial street measure failed of passage.

New Trustee in Opposition
But Chairman Stephenson, after the cheers of the 200 or more protestants were silenced, announced that later the board would probably name a successor to Hartley Shaw, who resigned from the board to become city attorney. And Chairman Stephenson further announced that, under the law, the ordinance could be brought up for consideration again.

Consequently, if Trustees Bartlett and Henry remained steadfast and the new member of the board was in favor of the street opening, the ordinance could be passed.

However, later in the meeting the board, by unanimous vote, selected A. H. Lapham of 415 West Broadway as a city trustee, he immediately qualified for the office and, as he is known to be opposed to the opening of the street as proposed, there is little chance, it is predicted, of the measure being brought up again.

So it appears that the proposed opening of Commercial street, as outlined, is now a dead issue; the informal protest of the residents of the proposed district and the selection of Mr. Lapham as a member of the board would seem to have effectually killed the offered ordinance ordering the work done.

Record Delegation Is Present
City officials say that the delegation from the western section of the city present at the trustees' meeting last night was the largest attending in recent years.

Clyde Woodworth, an attorney, associated with Attorney Frederick Baker, on behalf of the protestants, was the only one to speak, excepting members of the board of trustees, on the ordinance. "No one was present to speak for those favoring the improvement."

Attorney Woodworth, after Chairman Stephenson announced that there were two ordinances before the board, one ordering the work done and the other abandoning it, stated he was present to speak for the protestants. He admitted, he said, that the proceedings had passed the stage permitting a legal protest, but urged

SCHOOL LUNCHEES

HOT MEALS TO BE SERVED TO PUPILS AS RESULT OF P-T. A. WORK

The importance of proper nourishment of school children was the vital topic of the Cerritos avenue P-T. A. meeting yesterday. Good school work can be done only by those children whose growing bodies receive not only a sufficient amount of food, but also proper kinds of food and proper combinations to nourish them. The discussion of this subject yesterday at the Cerritos avenue P-T. A. resulted in the appointment of a committee to arrange for the serving of hot lunches to the school children at the noon hour, at a nominal cost. Many mothers of the district have already volunteered their services for one day a week to assist in this important undertaking.

Superintendent R. D. White gave an interesting talk on the subject of "Co-operation." Piano solos by Catherine Weike and Evelyn Wilbur were much enjoyed features of the meeting, which closed with a pleasant social hour.

Mr. Finn leased the building some
time ago, but was compelled to wait
until the expiration of the lease of
the tenant then occupying the prem-
ises before he could open his shop.
Meanwhile he has been employed in
the children's department of a barber
shop in a Los Angeles department
store, children's hair cutting being a
special feature of Mr. Finn's work.
The shop will be an up-to-date one
in every particular and one in which
only the most sanitary methods are
employed.

REMOVED HIS "PARKED" CIGAR

PITTSBURG—A protest against
removal of his partly smoked cigar
from a marble wainscoting in the
city-county building by an attache
was lodged in the county court here
by Frank C. McGinn, attorney. He
said that before entering the court-
room he had placed his cigar upon
the wainscoting and instructed em-
ployees not to touch it, but that when
he returned the "stump" was miss-
ing.

"Of course, if you get the county
commissioners to provide some new
parking arrangement for your unin-
ished smokes, it will be satisfactory
to the court," said Judge Srafer.

CHAMBER OF COMMERCE TO
BE REORGANIZED UPON
COMMITTEE'S IDEAS

(Continued from Page 1)
ing investigations by both bodies, not only of Mr. Stevenson's work, but of other agencies doing similar work, and of campaigns in other cities, a joint committee was appointed to decide upon a plan and procedure. The joint committee, representing the Chamber of Commerce and the Greater Glendale Development Association, consisted of C. D. Lusby, V. M. Hollister, Charles Rudel, J. G. Huntley, Dr. Jessie Russell and E. P. Hayward, with the presidents of the two organizations acting ex-officio. This committee agreed upon an immediate campaign along the lines proposed by Mr. Stevenson and recommended that he be retained by the Chamber of Commerce to direct the campaign. They also recommended that the campaign be conducted by a committee of citizens chosen without reference to any particular organization, but named by the presidents of the Chamber of Commerce and the Greater Glendale Development Association. That recommendation was carried out by the presidents and the following committee appointed:

Jesse E. Smith, chairman; C. E. Chambers, Jr., G. H. Bentley, C. H. Cooper, E. P. Hayward, C. E. Neale, Roy L. Kent, J. A. Newton, R. A. Eastman, V. M. Hollister, L. G. Scovern.

The first meeting of the new committee was held yesterday and the statement appearing elsewhere in The Evening News was authorized by the committee as a basis for the campaign.

The committee announces it is planning a vigorous campaign and proposes to build the best, even if not the biggest Chamber of Commerce in southern California. The committee plans to enlist the services of several hundred citizens during the next few weeks for an intensive drive to be held the first week in February.

A STATEMENT TO THE PEOPLE OF GLENDALE

BELIEVING THAT GLENDALE should have a modern Chamber of Commerce with six hundred working members; that it should be closely allied with all other organized civic forces; and that a fund of \$25,000 a year should be available for maintaining such an organization and carrying on its work, the undersigned executive committee of citizens have accepted, at the hands of the Chamber of Commerce and the Greater Glendale Development Association, the task of building for Glendale a civic-commercial body worthy of the city and its future.

We have accepted this task because we believe in the object to be attained. The time has come for Glendale to become, in every sense, a united community. We do not need two civic-commercial bodies any more than we need two city administrations or two boards of health. And now, while our city charter is being written and while the city, physically, is in a formative state, do we need unity, co-operation and thoughtful leadership.

In accepting the commission to expand and remodel the Chamber of Commerce as the one central organization of the whole city, we have been given authority to outline a tentative plan and policies as the basis of a membership campaign. Our recommendations will not be final, as the new members enrolled in the campaign will have the final say. But we shall recommend the following general plan and work for its adoption:

1. Membership shall be open to all who sincerely desire to work for the best interests of Glendale and who are willing to invest as much as \$25 a year in the kind of work that the organization stands for and undertakes.

2. The chamber will be strictly non-partisan, non-sectarian and non-factional in plan and work. It shall not be concerned with personal political fortunes, nor shall it be used in any way to further the personal fortunes of its officers or members.

3. The by-laws shall be revised by the new membership immediately following the campaign, the revision to be along the lines generally approved by the successful organizations of the country.

4. Following the adoption of revised by-laws, there shall be an election to choose ten directors to serve not longer than two years. Nominations for this election shall be by a direct mail primary in which all members will have an equal opportunity for nomination and each member one vote.

5. There shall be five associate directors to meet monthly with the active directors of the Chamber of Commerce for the special consideration of civic and social problems. These shall include the mayor, the president of the ranking Women's club, the president of the P. T. A. federation, the chairman of the Welfare board and the chairman of the Board of Health. These associate directors will have a vote in disbursing funds contributed by other than active Chamber of Commerce members.

6. The president, two vice-presidents and treasurer shall be elected annually by the board of directors, and the board shall employ a secretary to devote his entire time to the work of the chamber.

7. Headquarters for the new Chamber of Commerce will be established at a suitable place and furnished and equipped in a manner creditable to Glendale and adapted for rendering the service such an organization ought to provide its members and the public.

8. In addition to the amount contributed by members of the Chamber of Commerce to the \$25,000 fund, subscriptions will be sought on the twelve hour plan of all others who have the welfare of Glendale at heart. And all who subscribe on this basis will be given an opportunity to render personal service on committees or in other ways that will advance the things in which they are particularly interested.

9. It will be our purpose to make this annual budget—\$25,000 the first year—suffice for all Chamber of Commerce and civic needs. The chamber will endeavor to protect those who subscribe from any further solicitation.

10. In perfecting the above plan of organization and to direct the first annual campaign, the Chamber of Commerce has provided the committee with the services of Messrs. James O. and T. A. Stevenson, organization engineers and campaign directors of long experience.

Further details of this plan will be given out from day to day. But all the committee's recommendations, let us repeat, shall be subject to the wishes and the action of the majority of the new members enrolled in the campaign.

Glendale is your town as it is ours. Together, we can make it what we will. This campaign is our greatest opportunity for team work. We started the New Year right by winning the prize at Pasadena, and the eyes of southern California will be upon us as we proceed with this campaign. Let each and every one of us consider himself responsible for making our Chamber of Commerce first in size, in spirit and in service to our community.

We appeal to you for 100 per cent participation in this great enterprise.

Announcement

I have been tendered and accepted the financial agency for a large power and light company owning all the rights to the Sespe and Piru Canyons for power and water development, also 3000 acres proven oil land, stone rights and resort privileges. The first issue of stock to be sold will be 1,100,000 shares at par.

In order to successfully carry out the project I need sufficient funds to finance a large office and the preliminary advertising and publicity campaign, and in order to secure the money I am organizing a sales company in which I am offering to my friends \$25,000 of preferred stock on a thoroughly honest basis of YOUR MONEY BACK before any profit is paid to any one.

The first block of stock sold should return to the sales company a handsome profit in addition to the immediate return of your investment in approximately 90 days. This offer open only for a few days.

For full information see either Mr. Von Oven or myself.

"MAKE IT SNAPPY"

There are those who believe modern man does things more quickly than his forefathers; that he hustles to the point of action and gets done what he has to do; that he "makes it snappy." This is not handing our ancestors a fair deal.

While it is true that we move faster from one place to another than great-grandfather moved we do not think faster, talk faster, nor work

faster. We take as much time to say our say, and we do, if anything, say it in more words. We don't, for instance, make it as snappy as Caesar, when he "came, saw and conquered." The old railroad was "off ag'in, on ag'in, and gone ag'in" in fewer words than the modern reporter tells his story of a railroad wreck.

Just now the English-speaking world is deluged with words telling how, 300 years ago, the Pilgrim fathers came to Plymouth. But on that December day Mourt's Journal told the whole story of the finding the harbor, the exploration of the nearby land, and the decision to make it their permanent home, in 35 words.

We travel from Plymouth, England, to Plymouth, Mass., much faster than the Pilgrims did it, but we, on the other hand, waste more words telling about it.

the City of Glendale.

STATE OF CALIFORNIA, COUNTY

OF LOS ANGELES, CITY OF

GLENDAL E - SS.

I, J. C. Sherer, City Clerk of the
City of Glendale, do hereby certify
that the foregoing Ordinance was
duly adopted by the Board of Trust-
ees of the City of Glendale, State of
California, and signed by the Presi-
dent of said Board at a regular meet-
ing thereof, held on the 6th day of
January, 1921, by the following vote,

RESOLUTION NO. 1149

A resolution of the Board of Trust-
ees of the City of Glendale deter-
mining that the public interest and
necessity demand the acquisition by
said city of certain municipal im-
provements and that the cost of said
municipal improvements and each
thereof will be too great to be paid
out of the ordinary annual income
and revenue of said City. The Board
of Trustees of the City of Glendale
do resolve and determine as follows:

Section 1. That the public inter-
est and necessity demand the
acquisition, construction and com-
pletion by the said City of Glendale
of the following municipal im-
provements and that the estimated cost
of each of said improvements is the
amount stated after the description
thereof, to-wit:

First: The acquisition, construc-
tion and completion of pipes, pipe
lines, transmission mains and suit-
able fittings and attachments there-
for in connection with the develop-
ment, extension and operation of the
municipal waterworks and system,
the estimated cost of which improve-
ment is the sum of One Hundred
Thousand (\$100,000.00) Dollars.

Second: The acquisition of land
and the construction and completion
thereof of all necessary buildings
and the acquisition of all necessary
furniture and equipment for the pur-
pose of a public gymnasium for the
City of Glendale, the estimated cost
of which improvement is the sum of
Eighty-three Thousand (\$83,000.00)
Dollars.

Third: The acquisition of land and
the improvement thereof including
the construction thereon of suitable
buildings and outbuildings, for
public parks for the City of Glendale,
as follows, to-wit:

A public park in that part of the
City of Glendale situated north of
Broadway and west of Central Ave-
nue;

A public park in that part of the
City of Glendale situated South of
Windsor Road and the prolongations
thereof;

A public park in that part of the

NEW STORE OPENS

PAGE-TRICE FURNITURE CO.

READY FOR BUSINESS AT

306-308 E. BROADWAY

To almost any woman there's a
fascination in looking at new furni-
ture, whether she's ready to buy or
not. If she's not ready, she has,
nevertheless, her dreams and ambi-
tions for pretty new things in the
home. For instance, she sees in fan-
cy a certain rocking chair she's look-
ing at in the store, placed in a cer-
tain spot in her living room; she
likes to imagine how a certain buf-
fet and certain hangings would har-
monize with the rug and the wall
paper of her dining room; or she pic-
tures mentally that pretty white bed
room suite in little Mary's room.
And dreams come true, too; at least
this sort of dreams, for usually the
home-loving woman sooner or later
gets the pretty things she wants.

If she's ready to buy, the house-
wife goes looking about the furniture
stores in a little different manner.
She has a list of her needs and she
gets facts and figures and makes
comparisons of values and prices.

Whether she's ready to buy or not,
every lady in Glendale is welcome to
visit the city's newest furniture store,
conducted by the Page-Trice Furni-
ture company at 306-308 East Broad-
way. For that matter, gentlemen
are equally welcome, and there are
not a few of them who are interest-
ed in the subject of artistic home
furnishings.

Now Open for Business

While not quite ready for a formal
opening, the Page-Trice company are
open for business and have already
a large and varied line of furniture
on their floors. All their stock has
been bought at the new, low, guaran-
teed prices; there is nothing in the
store which has been bought at war
prices, consequently the selling
prices are very moderate. Genuine
mahogany and American walnut bed-
room sets, mahogany dining room
furniture in period designs, rugs in
standard makes, from the finest Wil-
tons to tapestry Brussels, tufted
floss mattresses with a new patented
aeration feature, which keeps them
fluffy, the newest designs in break-
fast room sets—these are but a few
of the things already in stock at the
Page-Trice company's store. A line
of pianos and Burnham phonographs
is also ready.

A special advantage in selecting
furniture is the commodious floor
space of this large, double store—
about 50 by 100 feet; furniture
shows off to better advantage when
not crowded.

Messrs. Page & Trice are experi-
enced furniture men and are pro-
gressive, enterprising and courteous.
They promise to give Glendale intel-
ligent service and dependable, artistic
furniture at reasonable prices.

Their large announcement, ad ap-
pears in today's issue of The Eve-
ning News, and notice of their for-
mal opening will be given later.

STREET OPENING

DEADLOCK OF TRUSTEES HAS PUT STOP TO COMMERCIAL IMPROVEMENT PLANS

(Continued from Page One)
that the trustees hear an informal protest and view the large number of people present who, he said, were property owners and opposed to the work. He also admitted, he said, that the signers to the legal protest were not in the majority, but claimed that was because the property owners in the proposed district had not, at the time, a complete understanding of the matter. He offered, however, to produce, if given time, a petition that would clearly show that now a great majority of the property owners in the district are opposed to the street opening.

Many Points Are Covered

In his remarks Attorney Woodworth covered a number of points advanced by the protestants and already given publicity in The Evening News. He advanced many arguments against the work and was frequently applauded by the big crowd present.

During his remarks, Attorney Woodworth declared that the people would much rather have the trustees take the money proposed for the street opening and spend it on a sewerage system. He also said the protestants would be willing to have Patterson avenue opened; also the improvement of lower West Broadway and the widening of that thoroughfare where it touches the San Fernando road.

Also he urged that if the trustees were decided upon the work, that the entire city be assessed to pay for it, since, as claimed, the improvement would be of general benefit to Glendale.

As he drew near to the close of his talk, Attorney Woodworth announced that the protestants were determined to take every advantage offered by the law to prevent the street from being opened as planned, specifying that everything would be done in a friendly spirit, yet the fight to be based on what the protestants considered fairness and justice. To close his talk Attorney Woodworth, as a "demonstration," called upon those property owners present who were against the street opening to signify the fact by saying "Aye." The answer, probably, could be heard for several blocks.

Vote Displays Deadlock

Chairman Stephenson, as provided for by the rules of the trustees, then asked if any were present who desired to be heard in support of the ordinance. None were and then Trustee Bartlett moved the adoption of the measure ordering the street opening. The motion was seconded by Trustee Henry.

Trustee Bartlett made a brief statement in which she said she did not consider it proper to throw out the work after the steps taken by the board thus far, nor did she consider it best to do so after so many business men, presumed to have the best interests of the city at heart, had petitioned for the street opening. She said she had voted for the measure and would do so again.

Trustee Henry declared Trustee Bartlett had expressed his sentiments.

Chairman Stephenson announced he had voted against the measure and would do so again. This caused loud applause to come from the audience.

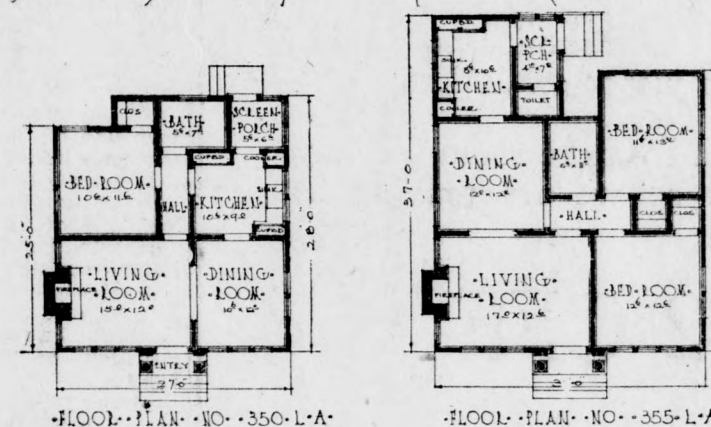

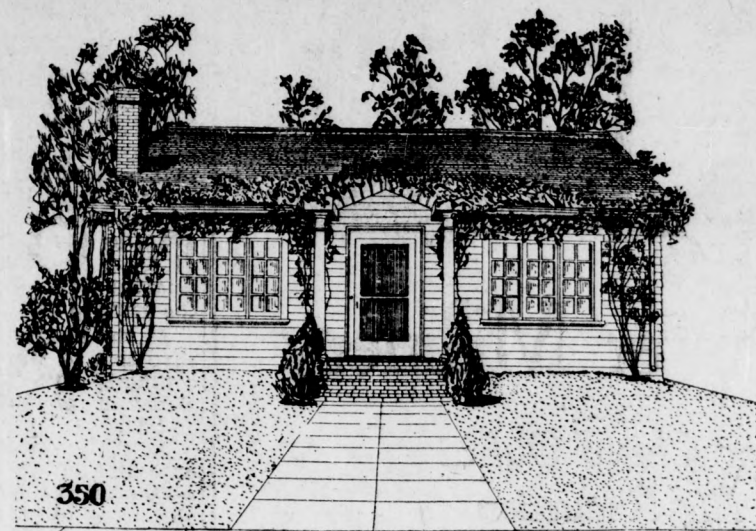

Trustee Robinson, who had voted for the work at a previous meeting, although stating at the time he did so against his better judgment and only voted for it because of the petition of the business men and, further, because of the few present then to oppose it, was silent.

When the roll call came Trustees Bartlett and Henry voted for the street opening. Trustees Stephenson and Robinson voted against it and the measure, because of the deadlock, was declared as having failed to pass. This caused a loud outburst of applause from the audience.

Then it was that Chairman Stephenson explained that, with the vacancy on the board filled, the measure could be brought up again and passed, provided it got three or more votes.

However, later in the meeting the board unanimously selected Mr. Lapham as a trustee and as he is known to be opposed to the street opening,

M. H. NEUSBAUM GETS LETTER FROM INDIANA, TELLING OF COLD WEATHER

M. H. Neusbaum, whose son-in-law is proprietor of the Waidelich Electric shop, informed The Evening News yesterday that his daughter had just received a letter from Lafayette, Ind., in which it was stated that during Christmas week the mercury descended to 15 degrees below zero one night. Reports of such cold weather as that cause Glendale residents from back there to feel glad they are not living in such a climate any more.

Mr. Neusbaum procured copies of The Evening News' description of the Glendale float that captured first prize in the Tournament of Roses, to send to relatives in Indiana, to show them the difference, he said, between temperatures here and back there just before New Year's day.

Any others wishing copies of the description of the float may have them, free of charge, by applying at this office. The supply is limited and those wishing them must act at once.

Sober first thoughts are always better than sober second thoughts.

When some folks get back to normal they give up their decision to reform.

it is not presumed the matter, in its present form, will be considered further. The organized opposition to the street opening was led by the West Glendale Protective League and its executive committee employed Attorney Woodworth to make the protest, it being agreed that he was to be the only speaker last night. The new congressman usually gets over the idea that the country was just waiting for his assistance in running it.

We have been too busy this week taking an inventory to write an advertisement for today. However, we will have our

CITY TRUSTEES

OFFICIAL PROCEEDINGS OF
BOARD AS TAKEN FROM
MINUTES OF CLERK

(Continued from Page 1)
mercial street be adopted and was
seconded by Trustee Bartlett. The
roll call resulted as follows:

Ayes: Bartlett, Henry.

Noes: Robinson, Stephenson.

The chairman stated that owing to
the fact that a vacancy exists on the
board of trustees, the matter
cannot be finally disposed of at this
time, but is liable to be taken up
later, after the appointment of a new
member of the board.

Trustee Bartlett presented a resolu-
tion providing for the abandonment
of proceedings for the improvement
of Dayton Court, as follows:

Resolved, "That Resolution No.
1142 declaring the intention of this
board to order the improvement of
Dayton Court is hereby rescinded and
all proceedings for the improvement
of Dayton Court as contemplated by
said resolution are hereby abandon-
ed." The same was adopted, all
voting aye.

The owner of property recently
acquired by him at the corner of San
Fernando road and Central avenue,
appeared before the board calling at-
tention to the provision of the re-
cently adopted ordinance regulating
private and public garages. He stated
that owing to the restrictions of the
ordinance, he is unable to go ahead

with the business he contemplated
establishing at this place. The city
attorney stated that it would be im-
possible to afford any relief in the
matter complained of without an
amendment to the ordinance. No
action was taken.

Petition Is Presented

A petition was presented to the
board signed by F. E. Dutcher and
seven other property owners interest-
ed, asking that proceedings for the
improvement of Arden avenue, be de-
ferred for six months until material
is cheaper and the expense will not
be so great. Action in regard to
same was referred for one week.

An application of L. L. Craig for a
permit to sell milk was granted.

The following applications for per-
mits to carry on the business of
transporting passengers for hire in
motor vehicles were presented to the
board and on motion granted: John
W. Kimble, Melvin E. Rickerson,
Herbert G. Woodard, Elma Patter-
son, all being approved by the city
marshal.

Communication was read from E.
L. Osborn offering to deed to the
city for street purposes lots A and B
in tract 752 for continuation of Pa-
cific avenue on the west line of the
tract, provided that the city reim-
burse him by payment of all taxes
and street improvement bonds
against the property. Referred to
city manager.

Demands were presented, referred
to the finance committee and ap-
proved by said committee. On mo-
tion of Trustee Bartlett, warrants
were ordered to be issued in payment

of same. On motion of Trustee
Henry the sum of \$354 was ordered
to be appropriated from the water
bond fund for the payment of De-
mand No. 12489.

The city manager in regard to bids
for the furnishing of poles referred
to him at the last meeting for re-
port, recommended that bid of the
Kankiku Cedar company be accept-
ed, the same being the lowest and
best offer. The recommendation was
adopted, all voting aye.

Examination of City Water

The city manager recommended
the employment of Dr. Carl Wilson
of Los Angeles, to supervise the ster-
ilization of the city's water supply
and to take charge of whatever mea-
sures may be necessary including
chemical analysis in connection
therewith, and that the sum of \$100
per month for the balance of the
present fiscal year including the
month of January be appropriated
to cover the cost of such service.
Recommendation was adopted and it
was so ordered on roll call, all voting
aye.

On motion of Trustee Bartlett it
was ordered that the sum of \$100
per month be appropriated from the
Public Service Department's month-
ly receipts for the purpose set forth
above, by roll call, all voting aye.

The city manager presented a long
report in regard to the contract with
Olmsted and Gillette, sanitary engi-
neers. On motion of Trustee Henry,
the city attorney was instructed to
prepare a contract as recommended
by the city manager, with this firm.
Reports were presented from the city

recorder, showing receipts of \$1,-
583.50, for the month of December,
and from the health officer. Both
were ordered to be filed.

Bond Election Resolution

Trustee Bartlett presented resolu-
tions determining that the public in-
terests demand the acquisition of
certain municipal improvements, etc.
and on her motion the same was
adopted as Resolution No. 1149, all
voting aye.

On motion of Trustee Henry an
ordinance previously presented to the
board establishing the grade of cer-
tain streets was adopted as ordinance
No. 417, all voting aye.

On motion of Trustee Bartlett, a
map of tract No. 4036 was adopted
by resolution No. 1150. On motion
of Trustee Bartlett a resolution was
adopted that a committee of three be
appointed to take up the matter of
collecting funds for European Chil-
dren's Relief.

On motion of Trustee Robinson the
vacancy in the board of trustees
caused by the resignation of Hartley
Shaw was filled by the appointment
of A. H. Lapham, all voting aye.

Mr. Lapham took the oath of of-
fice which was administered by the
clerk and took his seat as a member
of the board of trustees.

The city clerk reported that the
time of protests had expired in con-
nection with lot cleaning assessments
covered by resolutions Nos. 1108,
1112, 1113 and 1114 and no protests
had been received. On motion of
Trustee Bartlett it was ordered that
the matter be laid over for one week.
The board then adjourned.

SECOND LECTURE

ANOTHER TALK TO BE GIVEN
BY EXPERT TONIGHT AT THE
TANNER & HALL AGENCY

"The value of The Evening News as an advertising medium," said W. A. Tanner today, "was again demonstrated Wednesday night by the large audience that attended the first of a series of lectures on the automobile given by Alvin E. Sanders at the Buick agency of Tanner & Hall, our spacious salesroom being filled to overflowing."

"Mr. Sanders started his lecture by stating that probably ninety-five per cent of the automobile owners did not really know what made the wheels go around. The majority of his audience agreed with him before the close of the lecture. The origin and development of the internal combustion engine was explained by the use of apparatus. The statement that gasoline does not explode was proved by ocular demonstration, as was also the fact that all engines are really air and not water, cooled."

Another Lecture Tonight
"This lecture was the first of a series of lectures to be given by Mr. Sanders, in which he will take up by easy stages the operation and repair of the automobile, including locating of trouble, timing, carburetor adjustment, etc., this series being a complete course of instruction for the amateur. While these lectures are given by the Buick agency, they are for the benefit of all who are interested in the automobile and apply to all makes of cars. The next lecture will illustrate the practical side of the automobile engine and will be given tonight."

One does not need to travel far to realize that the old-fashioned art of spanking is being neglected.

The trouble with a lot of reformers is that they are trying to add to the Ten Commandments.

HEARS PLANS FOR BIG ARMY
MARION, Ohio, Jan. 7.—President-elect Harding heard officers of the American expeditionary force give views on the establishment of a large military reserve without resorting to universal military service.

Anyhow, the world war gave the divine-right-of-kings idea a decided jolt.

AID TO VOTERS

CHANGE OF ADDRESSES CAN
BE TAKEN FOR THOSE IN
NINTH DISTRICT

It is stated that voters in the ninth congressional district, which includes the city of Glendale, who wish to insert new addresses in their affidavits of registration must do so before January 15. This comes from the registrar of voters and he will have a deputy at the city hall in Los Angeles at noon daily until that date to care for those wishing to change.

The action is taken because of the special election to be held on February 15, when a successor to Congressman-elect Van de Water will be chosen.

New Millinery Store

A new millinery store will open in Glendale next Tuesday, January 11, at 120 East Broadway, corner of Maryland avenue.

It will be conducted by Paul Hoffman, who has until recently conducted two millinery establishments in Los Angeles, one of which he has recently sold.

Mrs. McCane, an expert designer of hats, formerly of St. Louis, but for the past year with the Hoffman stores in Los Angeles, will have charge of the Glendale store. A full line of ladies', misses' and children's hats will be featured, as well as millinery supplies, the remodeling of hats and made-to-order hats.

Mr. Hoffman promises first-class millinery at Los Angeles prices.

County Gathering Here On Tuesday

Dr. William A. Crawford, president of Allegheny college, who will speak at the county convention of the Y. M. C. A. in Glendale next Tuesday.

The annual county convention of the Y. M. C. A. meets in Glendale Tuesday night, January 11. A dinner will be served at the First M. E. church at 6:30 p. m., the convention program following.

Rex C. Kelley, secretary for this district, in speaking of the convention, said:

"I met with the county secretarial staff yesterday at the county office at Alhambra and the final details for the program were completed. Every minute will be interesting from beginning to end. Long, dry, formal reports will be conspicuous by their absence. Short, forceful talks setting forth the achievements of the year will be made, a group of real sure-enough boys from Monrovia will give a practical demonstration of a regular weekly program. Miss Eva Edwards, principal of the grade schools of Covina and an overseas "Y" worker, will tell what the Y. M. C. A. has done for the boys of Covina and some of the local leaders will tell of the progress made in our own district."

The program of the evening will be closed with an address by Dr. Wm. A. Crawford, president of Allegheny college, who has a very fine reputation as one of the best speakers in the East.

Both women and men will attend the convention.

Feed Sunflowers to Cattle, Is His Plan

LLOYDMINSTER, Sask.—Charles E. Thomas, dairyman and breeder of Ayrshire cattle, is preaching the gospel of sunflower silage with missionary zeal among the farmers of Saskatchewan. He became a proselyte to the new silage evangel last year.

He raised a large sunflower crop this year on his farm at Lloydminster, a new district which is being rapidly settled. The stalks, twelve and fifteen feet high, closely ranked like a miniature forest, each crowned with half a dozen great, golden blossoms, fell before a corn reaper in the most gorgeous harvest he ever gathered. He built a 200-ton silo and filled it with sunflower silage as fast as a blower-cutter box and a large force of men could handle the crop.

"My sunflower silage cost me only \$1 a ton," said Mr. Thomas. "It is the cheapest form of silage ever discovered. Sunflowers are as nutritive as other fodder crops and yield twice as much per acre. My crop ran forty tons to the acre. My sunflower silage will supply fresh food for my dairy cattle all winter."

Like an army with banners, sunflowers swept across western Canada last summer and took rank as a crop of the first importance. Their sudden rise to favor among farmers, it is declared, has marked an agricultural epoch. Their value as silage first began to be recognized only a few years ago. Before that the plant was regarded as a weed to be eradicated.

It is not only the cheapest silage, but cattle relish it and flourish on it. Its appeal to Canadian farmers lies in the fact that western Canada is being transformed from a bonanza wheat belt into a diversified farming country in which dairying and live stock production are taking high rank.

ICE MOVED NORTH POLE FLAG
NEW YORK—The flag sign-post planted by Admiral Robert E. Peary in his dash to the north pole, has been discovered by Capt. Godford Hansen, Danish arctic explorer, four hundred miles from its original geographical point. The shifting of the sign-post, Captain Hansen said, was due to the movement of the ice packs.

RENTERS GET BENEFITS NOW
SPRINGFIELD, Mass.—Owners of four large Springfield apartment blocks voluntarily have announced reductions in rents, and in anticipation of further reductions within the next six months, William F. Grady, president of the Tenants' Protective association, has cautioned members to accept no leases for more than six months.

BANK LOOT IN FREIGHT CAR
CHICAGO—Securities, wills, civil war discharges, deeds and many other valuable documents found in a burlap sack in a freight car by employees of a firm of wholesale leather dealers, were being held by the company today for officials of Edgewood, Ill., to identify as part of valuables taken by bandits who robbed a state bank there more than a month ago.

Dates on some of the papers covered a period of more than sixty years, according to Frank Gould, superintendent of the plant.

The bag containing the papers came to the leather company in a car loaded with leather from East St. Louis.

When the Bank of Edgewood was raided by the bandits all safety deposit vaults were broken into and their contents taken, in addition to \$100,000 in cash and Liberty bonds.

BURRO CLASSED AS PEST

WASHINGTON—The lowly burro, enshrined in western legend as the heroic, inseparable and invaluable trail companion of the lone prospector, who wandered the waste in search of earth's treasure, has now been officially classed as a "veritable pest" by the United States government. This animal and its progeny in countless numbers, abandoned by its former human sponsors according to Stephen T. Mather, director of the national park service, has selected the Grand canyon of the Colorado for its habitat and the availability of the canyon's scenic beauties in consequence is almost disappearing.

The burro, Mr. Mather says, "destroys the trails, denudes the plateaus of grass and other forage so

that native wild game, such as antelope, has been forced out, and it is even necessary for working and exploring parties to pack feed for working animals." He adds ominously—for the burro—that "the time is not far distant when radical steps will have to be taken to eliminate the burro evil."

BOTTLED COMFORT

You can buy a hot water bottle for a small amount, in fact we have them as low as \$2; but can you estimate in dollars and cents the comfort there is in one of these common, everyday articles of homely use?

If you are cold at night, if you suffer from cold feet, can you imagine a pleasanter sensation when you creep shivering into bed than stretching out and resting your clammy extremities against a nice hot water bottle.

For the baby, the hot water bottle is indispensable and the elderly person whose circulation

is poor should not be allowed to suffer for the want of such an inexpensive article as this.

The wise woman who knows that emergencies arise in the best regulated households is never without a hot water bottle for use in case of illness. She knows the relief that comes with the application of the hot water bottle to aching muscles or to organs that are not functioning properly.

Nothing you can buy gives such large returns in comfort as a hot water bottle.

PLANS SOLUTION

HEAD OF WHITTIER SCHOOL IS PROPOSING PLAN TO SOLVE GREAT DELINQUENCY

SACRAMENTO.—Anticipate delinquency in children and the crime problem will be to a large measure solved, Fred C. Nelles, superintendent of Whittier state school, stated here. Nelles is conducting a state-wide research in delinquency.

Nelles is proposing the "twenty-four-hour school idea" as a solution to delinquency. Under this plan the school teacher becomes responsible for conditions in which her pupils are living. She must report to authorities all cases where children are not properly housed and are without proper home surroundings.

"The state has in too many instances waited until violations have been committed," said Nelles. "We must anticipate delinquency in laying the responsibility of the pupils' surroundings on the teacher. If the child hasn't a fit home, the state must provide one. At present we are investing heavily in five houses of schooling and have no provision for taking care of the children after the schools close. We pretend it is no interest of ours as to what the child does in the other nineteen hours.

"We have permitted the child to be born, but will not recognize him until he breaks a law. From that time on we have agencies to take care of him, but there should be some means of taking care of him before he becomes a violator."

Law To Be Presented.

Nelles with other industrial school superintendents is working on a law to be presented the legislature to bring about an appropriation for a twenty-four hour school. Another measure to be presented is one to provide for youths who are persistent law breakers and who need more than the strict discipline of a reform school and yet should not be sent to states prisons.

This law provides that young men in the neighborhood of 21 shall be sent to institutions where they will be set to work every day for a reasonable period and permitted to attend night school after the day's work is over.

Nelles declared that the young habitual lawbreakers eventually become criminals. He thinks that under the proposed plan a hard day's work would put a check on the youthful violator and force him to acquire a liking for real labor.

The plan would not need additional institutions, Nelles believes, but could be put in operation at the present state industrial schools. The present industrial schools provide only for schooling for those confined in them, and very little work.

Remarkable Work Now in British Museum

A remarkably beautiful specimen of Roman sepulchral carving has just been added to the British museum through the generosity of Ernest Dixon. The story of the rediscovery of this treasure is romantic. Mr. Dixon acquired it from a contractor in London, in whose yard it had been lying for some fifty years. He placed his purchase so as to form the central feature of a rock garden in Putney, but afterward struck by its unusual beauty, brought it to the notice of the British museum authorities, who identified it as a genuine and long lost antique, says the Boston Transcript. The sculpture is a marble relief, over five feet long by nearly two feet wide. It shows three draped busts set in a deeply recessed panel. It was a monument to Lucius Ampudius Philomus, and the busts depict himself, his wife and his daughter. The relief is not a part of a sarcophagus, but is a slab built originally into the wall of a tomb. Its date is probably between B. C. 25 and A. D. 25.

The sculpture is first mentioned by Bianchini of Verona, who was copying Roman inscriptions between 1706 and 1715. It had been excavated probably about 1700, near the Porte Capena and was taken to the Villa Casali. Seen and noted on more than one occasion during the eighteenth century, the last copyist to mention it was George Zoega, who was established at Rome between 1784 and 1809. After this the relief became lost to the world. It was perhaps shipped home by some traveling Englishman, who placed it in his house or garden in the St. John's wood region, and thence it found its way to the contractor's yard from which it has now been rescued.

TO SETTLE FOR SILVER

WASHINGTON.—Under an agreement with the British government, the debt of 122 million dollars, due this country for silver purchased in the war, will be paid by 1924, according to details of the plan made public by Secretary Houston.

In the war the treasury arranged to sell the British government bullion obtained from melting silver dollars at the rate of \$1 an ounce, in conformity with the Pittman act, to relieve the silver shortage in India. Of the \$122,017,633 owed the United States for purchases of silver, \$17,633 has been paid with interest.

The remaining 122 million dollars, the secretary said, is to be paid in equal annual installments in the years from 1921 to 1924, in the proportions of 60 per cent April 15 and 40 per cent May 15 of each year, with accrued interest at 5 per cent from April 15, 1919.

HAPPY MARRIAGE

WIFE OF NOVELIST OUTLINES
SOME RULES TO SECURE
SATISFYING RESULTS

Did it ever strike you, when you're listening to someone rail against the evil of divorce, that the happy marriage, as opposed to the unhappy, has never really had its fair share of publicity?

If one of your neighbors down the street has a family ruckus, the whole town will know it tomorrow. But if all the other folk in the block just have a quiet, happy evening at home, no one is the wiser.

It is not so important that a couple be fitted for each other, as that they make themselves fit for each other once they're married. Adjusting oneself to an intimate companion of the other sex—that's the hard thing.

Now the British novelist, W. L. George, is in this country with his wife. He is an expert on love, courtship and marriage. While he talks to big audiences, his wife sews his buttons on and glories in his celebrity. That doesn't mean she hasn't an occasional thought about her husband's principal topic, herself. In fact, Mrs. George told some Chicago reporters her own ideas, and gave them nine rules on how to be happy, though married. They're pretty good. Here they are:

Do not open each other's mail. You might not like its contents.

A woman should occasionally change her view, her ways and her hats.

If you must be frank, let it be in private.

Once a day a husband should say to his wife: "I love you"

Once a day a wife should say to her husband: "How clever you are!"

Lies are no good, but you can exaggerate a little, as in courtship.

If it seems to be hard to be married to your wife, remember it is hard for her to be married to you.

Find out on the honeymoon if swearing or crying is most effective.

Forgive your partner seventy times seven and then lose the account book.

First American Flag

Close to South Pole

BERKELEY.—An American flag less than a foot square holding the distinction of the first American flag to be waved in the vicinity of the South Pole was brought to this city recently by A. J. Mueller, of Nome, Alaska, who is visiting in this city.

When Roulud Amundsen, Arctic explorer, was preparing for his famous dash to the South Pole in Christiana, Norway, the flag was given to M. Ronnee, one of the party, by a daughter of the United States attached in that city. Ronnee carried the flag with him through blinding blizzards and across miles of ice until the party finally reached the pole. Christmas Eve the flag formed one of the decorations of a tiny Christmas tree in the cabin of Amundsen's ship, the "Fram," as it lay in an ice jam in 1918.

Amundsen and his party last year started on a trip to the North Pole. Ronnee still in possession of the flag was part of the party. Amundsen's ship was forced to put in at Nome this summer for supplies. Ronnee became ill while the ship was held up and was forced to stay in Nome when the party left. While in Nome he met Mueller and a friendship sprang up between the two. When Mueller left for the "states" in October the explorer presented him with the flag.

Mueller has spent eighteen years in the Nome country. He brought with him from the north many curios of the frozen land, putting them on display at a local store here.

GREAT MEN AND RECOGNITION

In his still well-known calendar of the world's great men, from the dawn of history down to about 1820, Auguste Comte included only 559 names.

And to get this number he included such tiny stars as the American novelist, Fenimore Cooper, the English dramatist, Thomas Otway, and the Italian composer, Donizetti.

That many men who might be called great are not recognized is one conclusion that may be drawn from this. Doubtless this is true today. The man who invented the typewriter has affected the lives of millions. Judged by the benefits he has conferred this inventor might well be called great. But how many know that the typewriter was devised by Christopher Latham Sholes, a collector of customs at Milwaukee, in 1867?

That recognition of greatness is an accident is another conclusion to be drawn from the old list of the world's great men. Men are much alike, however greatly their achievements may vary. Greatness, one may conclude, is merely a label attached to a few who are little different from their fellows whom none calls great.

ROBBED OF ITS LONE PRISONER

ST. LOUIS, Mo.—The police station at Venice, Ill., near here, was held up and robbed of its lone prisoner. Night Chief McKee was alone in the station when a negro entered and, drawing a revolver, ordered him to release Matt Diamond, a negro of St. Louis, who was held on suspicion of complicity in a recent robbery. The night chief complied.

THEY'RE AFRAID OF GHOSTS

LONG PINE, Neb.—Postal authorities here are looking for a rural route driver who doesn't believe in ghosts. Three drivers recently resigned because they said ghosts along the Niobrara river persisted in hopping onto their flivver.

Making Homes Attractive

Glendale has won fame because she is a City of Homes, but take away the trees, shrubs and flowers, the many pretty gardens and the beautifully laid-out grounds and Glendale would be a City of Houses instead of a City of Homes. No one would care to live here then.

Is your home as attractive as it might be made. Wouldn't a tree or two here, a hedge over there and some shrubbery in that corner make a vast improvement?

Help to make Glendale more attractive by beautifying your home grounds. No matter how small. Look over the situation and get your order for nursery stock in early.

as a member of a laboratory company
of this city.The horse is immunized to diph-
theria germs, and every thirty-five
days a careful operation is performed
and two gallons of her blood with-
drawn from which antitoxin is made."Of course," the actual number
of lives saved by a single horse is
hard to estimate, but 1,000 lives
could be saved by a single horse un-
der perfect conditions," said Dr. C.
M. Twining of the laboratory com-
pany."The difficulty in estimating the
number of lives varies with the horse,
and with the treatment given the
diphtheria patient. Some patients re-
quire 10,000 units while the treat-
ment of others may require as high
as 50,000 units. Recently in Stock-
ton there was a case which required
70,000 units of anti-diphtheria
serum.

Horses for Producing Serum.

"A unit, very roughly speaking,
may be defined as the quantity of
serum required to save the life of a
half pound guinea pig after the
guinea pig has received 100 times
as much diphtheria toxin as would
ordinarily cause its death.""We use horses," said Twining,
"for producing the serum for several
reasons. The serum of horses is
more easily separated from the clot
of the blood, than is the serum of
other animals. We might use cows
if it were not for that. Less impor-
tant considerations are that horses
are easily handled, and stand bleed-
ing easily.""The horses do not suffer when
bled, and after each bleeding are
turned out to recuperate. They are
carefully fed and tended, and ex-
treme cleanliness is observed in
handling them. As they are treated
very gently they naturally become
very tame and often are the cher-
ished pets of the laboratory workers,"
declared the manager of the com-
pany.**English Weather Is
Subject for Stories**The weather, more especially our
British variety, has probably been
the occasion of more humor and ill-
humor than any other earthly in-
stitution, London Tit-Bits says."What you need," once remarked
a doctor to his patient, "is a change
of climate." "Change of climate!"
cried the man. "That's what's the
matter with me. If the climate would
only keep the same a few days run-
ning I would be allright!"The mutability of the weather re-
minds one of the indignant customer
who returned to the shopkeeper, say-
ing: "Look here, that barometer you
sold me a month ago has got out of
order. It won't work." "No wonder,
sir," replied the shopkeeper, "look
what a lot of weather it's 'ad late-
ly!"There is nothing to beat the story
of the American tourist who came
across a man out West sitting on a
stump. "How's the weather treating
you?" he was asked. "Pretty toler-
able, stranger," replied the man. "I
had some trees to cut down, but a
cyclone came along and leveled them
for me." "That was a piece of luck,"
cried the tourist. "Yes; and then,"
continued the man, "there was a
storm, and the lightning set fire to
the brushwood and saved me the
trouble of burning it." "Remark-
able! But what are you doing now?"
"Oh, I'm just waiting for an earth-
quake to come along and shake the
potatoes out of the ground."Once an old weather prophet at
Whittingehame informed Mr. Bal-
four that "It's gaun to rain seventy-
two days, sir." "Come, come!" said
the statesman. "Surely the world
was entirely flooded in forty days?"
"Aye, aye," was the response, "but
the world wasna' sae weel drained
as it is noo."

MORE SEE "AMERICA FIRST"

WASHINGTON—Travel to the
great national parks and monuments
this year reached an unprecedented
total, Stephen T. Mather, director of
the national park service, said in his
annual report."Slowly the country is fidgeting
out," he said, "that America has
scenery that far surpasses in scope
and character what foreign coun-
tries can offer."During the season 1,058,455 per-
sons visited the national recreation
areas, as compared with 811,516 the
year before, Dr. Mather said. Travel
to the parks, he said, has now reach-
ed the proportion where it must be
seriously considered as an economic
factor "in our national life."

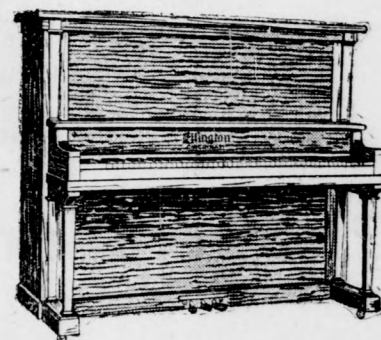

PRECEDENT ESTABLISHED

In a Kansas town the recently
elected candidates ranging from state
senator to assessor, having in the
campaign told the voters what they
expected to do if elected, turned
about right after election and at a
public meeting told "what we expect
of the public during our term of of-
fice." It is a valuable precedent and
should spread. Telling the public
what to do should not, however, be
confined to the elected officials. They
might not tell all that the pub-
lic should do. Of the public to act in its own be-
half should be reserved.**Prices Absolutely Guaranteed for One Year****The Greatest Piano
